CONVENTION

The Democratic hosts are holding a real convention on the Pacific coast this week. Senator Glass has won the important post as chairman of Resolutions Committee. The next President has not been nominated yet and no one knows, except that it will be a Democrat. Democratic policies and Democratic administration is to be endorsed, of course, and a real Democratic platform, appealing to the liberty-loving people of America will be produced. There is to be no dodging—the platform will speak out distinctly. The Wilson policy expressed in the League of Nations, with some important modifications, is sure of adoption; the wet and dry matter will be referred to Congress for modification. Bishop Cannon and others of the anti-Saloon League will not be able to dictate to Democrats what they shall eat, drink or wear. But they are there. It can't be Democratic if it prohibits.

Buckingham

Dr. James N. Ellis is at the home of his sister, Mrs. A. S. Hall. Dr. Ellis had the misfortune to lose his wife not long ago; he is located at Atlanta, Georgia, where he has attained to eminence in his profession.

Judge Hall has returned home and is able to walk about the house and seems cheerful.

Dr. George Henderlite and family have been guests at the home of Mr. and Mrs. J. H. Robertson, and on last Sunday he preached a sermon of much interest at Maysville Presbyterian church.

Mrs. John Hill Moss is a guest at the home of Mrs. Maggie P Moss here.

Farmers are saying it is no unusual thing to find four grains of wheat in a mesh. Not many years is this the case and the yield will be tremendous. At State river mills they have ground up all the old wheat and overhauled the machinery, ready for the new crop. New bolting cloths were put in and the owners of the mill say that this cloth cost nearly as much as the whole bolting machine cost when it was new.

I asked a Buckingham man who is at work in Richmond if the price of timber had declined recently and he said he paid $4.50 for one plank 16 feet long and 12 inches wide.

I sold a veal calf that weighed 190 pounds to a local dealer for $21. Best calves last week were selling for 17 cents a pound.

Sugar at most places is retailing for 30 cents. A prominent mail order house is offering best cane sugar at 25 cents, if customers buy other groceries with the sugar.

I paid $130 for a new buggy, which is about three times the price I paid for the last one before this.

Mr. F H Spencer bought a binder to cut his wheat and he has a magnificent crop.

Mr. David Word and Miss Carrie Anderson were married in Richmond last week.

Mr. Robert Spencer and Miss Fannie Charleton are to be married Wednesday of this week. Mr. Spencer is a fine business man and his bride is one of the valued school teachers of the county, and we all hope for them a bright future in their new estate.

Miss Leslie Teeter is a guest at the home of P P Glover.

One of S B Pearson's children fell from the porch to a cement drain or gutter and was rendered unconscious by the fall; but we hope the child is better now.

Joseph McCraw has been a guest of his sister, Mrs. Payne, at Dillwyn.

June apples are now getting ripe and I want to tell the small boys that if they will bury some in the ground they will soon get mellow.

A friend gave me a treat of excellent grape juice and ice; the juice was canned at home and was far better than what we get on the market.

If you will see A H Clement he will tell you about my farm which I want to sell through his agency, and I will let the purchaser have all the growing crops, all the teams, farming tools, land sowed in peas preparatory for crop of wheat, provisions for man and beast for the coming year, a nice lot of sawed timber, a nice lot of standing timber, taxes paid—and all this for the price of the land, which is placed at a fair price. But this offer only holds good for a limited time and to get this bonus the terms are cash.

Spout Spring

On the night of June 26 Mr. and Mrs. L O Casey of Spout Spring, entertained their son, James Ammon Casey, and bride with one of the real old Virginia wedding suppers. There was a large concourse of friends present to enjoy the grand function. Included in their invitations were Walter Carson, wife and daughter, Eleanor; W T Steele and wife; Bt Dickerson and wife; W Williamson and wife; Robert Wooten and wife; Branch Coleman and wife; Misses Mittie Goodman, Janie and Gracie Caldwell, and Susie T Davidson; Messrs. Thomas B Collins, Robert Davidson, Eddie Goodman, Raymond Casey, Alonso Goodman and James Davidson.

Those from a distance were Henry Fulton and wife and son; Mrs. Hallie Does and daughter; Misses Mary and Hattie Davidson, of Lynchburg. The jolly crowd were highly entertained by the talented musicians present with all the latest songs and those of colonial days, beautifully rendered on the piano by Miss Janie Caldwell. The bride, who is a talented singer, gave several solos, which were thoroughly appreciated.

Evergreen

The play, "An Old Fashioned Mother," which was given at the Presbyterian church Saturday night, was pronounced fine by all who attended.

Mr. Eddie Warner and family have moved to their new home at Appomattox. We wish them much success.

Mr. G T Farrar and wife and daughter, Miss Mattie, were the guests of Mr. Hudson Fleshman and wife on Sunday.

Mr. Willie Pace and mother, of Petersburg, were the guests of Dr. E B Walker and wife this week.

Mrs. John Hatch, of Disputanta, is visiting her parents, Dr. and Mrs. E B Walker.

The Ladies Aid Society will have a lawn party at the Methodist church here next Saturday beginning at 5 o'clock p. m. Hot coffee and sandwiches, ice cream and lemonade will be served. Come out and help a good cause and have a good sociable time also. You will meet with lots of your old friends there. So remember the date, July the 3rd.

Volstead, Author of Prohibition Act, is Defeated

Representative Anthony J. Volstead, author of the prohibition enforcement act, was defeated for the Republican nomination for congress by Rev. A. J. Kvale, national league candidate, today's returns indicated. Kvale was leading by 2,000 votes early today. Volstead's defeat was credited to alleged quotations from him that he had no objection to light wines and beer.

People who figure our now a small income may be made to support a large family generally know a great deal more about arithmetic than they do about human nature.

Every Tire Is Signed

Two men sign every Miller Tire—the maker and the inspector. Both are penalized if a tire comes back.

Under this method, defects have become extremely rare. Not a tire came back for adjustment to many Miller dealers last year.

Over 1,000 tires yearly are worn out in Miller factory tests.

All the best rival tires are constantly compared with the Miller, with these results:

Millers now excel all rivals, both in average and in uniform mileage.

Miller treads outwear rival treads by 25 per cent on the average.

Miller Cords average 15,000 miles—Miller Fabrics from 8,000 to 9,000 miles—in rear-wheel tests under extreme conditions.

You will gain a new idea of modern tires when you test a new-type Miller. Get one now and watch it. The super-service of the Miller Tire is now everywhere discussed.

Tread Patented

Center tread smooth, with suction cup. For firm hold on wet asphalt. *Geared-to-the-Road* side treads, mesh like cogs in dirt.

MAKE it easier to get around and you make *healthier* and *happier* communities. No one any longer questions the worth of the automobile—or begrudges any *legitimate* expense connected with it.

But millions of car owners are rebelling at the idea that running an automobile has got to mean *waste*.

II

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

Send him to us.

The minute a man begins to *question the service* his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better *tire service* is to get *better tires* to start with.

That's why we have taken the representation for U. S. Tires.

III

U. S. Tires have a reputation for quality.

Built up through years of creating better tires. Such as the *straight side* automobile tire, the *pneumatic* truck tire

It is not by chance that U. S. Tires are made by the *oldest* and *largest* rubber concern in the world.

We are proud to represent U. S. Tires in this community.
